Lisa Lach-Nielsen (born 1974, Denmark)
Self taught in painting

Lisa Lach-Nielsen is an artist from Copenhagen, Denmark. She was born in 1974 and has a master degree in clothing design from the Royal Danish Academy of Design. She started her career as a visual artist in 2012.

The theme of her work is mostly identity or search of identity. Often in the character of a young girl or woman trying to find balance and navigate in a confusing world and an existence full of questions about her own worth, and the role she has been given -and perhaps, how to break out of it. It is about being human on a deeply personal level, being a girl growing up, and little by little discovering the darker parts of life -inside her and around her. To lose the pure and innocent way of thinking, facing the dilemmas and challenges of life and curiosity about the unknown.
